Subject RE: DOJ Stipulation

Elise:

Attached is a track changes version of the document. If you could make these minor changes by accepting them and add your signature block and return to us for filing we would appreciate it. I did not add your signature block b/c I don't know who in your organization signs. Do you sign, or your client?

Patrick

We have reviewed the draft you forwarded with our client. Although not all parts of the administrative claim that we filed to meet the March 31st deadline were addressed by the custodial trust agreement, (notably, claims for administrative expenses pertaining to Ohio sites were not covered) we have discussed it with our client and are ok with the stipulation for the purposes of keeping the ball moving. Elise.

Elise and Jason:

I wanted to follow-up. I am out and have been out of the country on

work since EP closed and have had little time to catch up. I understand there currently is a hearing on EPA's administrative claim set for 8/16. I previously circulated the attached stipulation as I think your admin. claims have been addressed by the EP Custodial Trust. Please let me know at your earliest convenience if the stipulation is acceptable, or if you disagree with my operating premise.

Please email me any responses.
